LIFE OF THE PARTY

A bevy of beauties arrived at Scott's new pad on Thursday evening to celebrate his new single status.

WILD NIGHT

Scott Disick CAUGHT UP IN PROSTITUTION SCANDAL!

THE REALITY STAR PARTIED ALL NIGHT LONG WITH RAPPER AND ESCORT SERVICE OWNER MALLY MALL — AND NUMEROUS SCANTILY CLAD LADIES.

Scott Disick seems to be enjoying the single life — maybe a little too much. To celebrate his status as a “free man” following his split from longtime girlfriend **Kourtney Kardashian**, the reality star threw a wild party at his Beverly Hills bachelor pad on Thursday with dozens of barely dressed beauties and some pricey new artwork.

“He spent tens of thousands of dollars to prepare his house and told all his friends to bring as many sexy women as possible,” an insider tells *Star*. After receiving several graffiti-style paintings by artist **Alec Monopoly**, sources say a stream of scantily clad young women poured into Scott’s new \$3.7 million home, followed

by music producer **Jamal “Mally Mall” Rashid**. In late 2014, the music mogul, best known for his collaborations with **Chris Brown** and **Snoop Dogg**, had his Las Vegas home and escort service raided by the FBI for alleged human trafficking — a charge that typically involves forcing women into prostitution — but was never formally charged.

“Mally is the best at rounding up women, so he was the first guy Scott called,” the insider explains.

The raucous rager came just two weeks after

photos surfaced of Scott, 32, canoodling with ex-girlfriend **Chloe Bartoli**, 25, in the South of France — and following several claims of infidelity. As *Star* previously reported, the father of three had unprotected sex with a woman in Arizona following a club appearance, plus a drug-fueled sexcapade with a 21-year-old woman in New York City a few weeks later. “The reality is, Scott will never settle down and be faithful,” adds the insider. “He just wants to party around the clock and hook up with as many women as possible. It’s just sad that it took Kourtney nine years to realize that.” ★

FALLON DOWN DRUNK

STAR HAS THE REAL STORY BEHIND JIMMY'S HAND INJURY — AND HOW HIS LIFE IS SPIRALING OUT OF CONTROL.

AFTER taking a tumble into the corner of a table, it's not just Jimmy Fallon's finger that has been left hanging by a thread — his marriage to Nancy Juvonen may be too.

While the late night host blamed the gruesome injury on his two left feet, a source tells *Star* that he was actually three sheets to the wind after a night on the town with a horde of young women! "Nancy was really angry," says the source, revealing that the funnyman was knocking back drinks at NYC's Scalinatella restaurant before the accident. "Jimmy's bad behavior has been getting worse, and she totally lost her temper. She's asking herself how he can possibly take care of his family when he can barely take care of himself?"

With a net worth of \$25 million and two children, Winnie, 2, and Frances, 7 months, a divorce would destroy Jimmy financially and emotionally. But sources say he's been acting like a single man since his second daughter's arrival

via surrogate in December.

"There are always whispers about how flirtatious he is," says a *Tonight Show Starring Jimmy Fallon* insider. "After shooting, he likes to take the young female staffers out to bars. That's not how most married men — or bosses — act. Nancy's really sick of it, and I wouldn't be surprised if she's threatening divorce."

And it's not just his wife who's threatening to pull the plug; NBC studio bosses aren't laughing at his unfunny antics either. "There have been at least two other occasions when he almost missed a show, breezing in an hour before filming, really hung over," said the insider. "Jimmy behaves like a frat boy with no responsibilities, but a lot of people rely on him for their livelihoods."

Now, in the wake of nearly having his finger amputated, network execs are putting their foot down. "He's a disaster waiting to happen," added the tipster. "He's going to ruin his whole life if he doesn't stop partying." ★

Josh

Canceled!

The Duggars Done On TV

Two long months after news broke that **Josh Duggar** molested five girls, including four of his underage sisters, TLC has finally pulled the plug on *19 Kids and Counting*.

But, along with an hour-long documentary about child abuse that includes **Jill** and **Jessa**, **Jim Bob** and **Michelle** have a plan to get their family back on TV and TLC paychecks coming in. "The family can't afford to not have the show — it is their main source of income, and with a family of that size, without it they're in enormous trouble," says a friend, adding that the Arkansas couple

are willing to beg for forgiveness to get the cash flowing again.

"They know they have to at least *pretend* to be sorry about what happened, and now they want a spin-off where Jim Bob and Michelle would give advice to abuse victims — even though they're in denial about their culpability in Josh's crimes."

But a publicity stunt may not be enough. "After the Megyn Kelly interview, when they basically made excuses for Josh, they're done," says the source. "It was a disastrous move that ruined their brand. It would take a miracle to get them back on TV." ★

Once Hollywood's It Girl, **Kirsten Dunst** is bent on making a comeback with a role in the upcoming season of *Fargo*; but she got a shock when producers told her to slim down! "Kirsten was upset," says a network insider. "She didn't want to jeopardize her role, though, so she's on a strict juice diet." At first she was dreaming of burgers, but now Kirsten is looking on the bright (green) side. "It's definitely hard, but it is effective — her skin looks great, she has a ton of energy and she lost 5 lbs.," adds the source. "Now she's really into creating her own blends and whips up custom smoothies for all her friends." ★

KIRSTEN'S
FEELING THE
SQUEEZE!

THE
SCARLET
WOMAN!

HOW PRODUCERS SHAMED KAITLYN!

It isn't an accident that Bachelorette **Kaitlyn Bristowe** comes across as promiscuous, immature and blasé about marriage. Insiders say her bad edit is revenge for rubbing producers of *The Bachelorette* the wrong way! "She's extremely picky and rude when it comes to her wardrobe, how her towels are folded, her food is cooked — everything," dishes a set worker. "You'd think she'd won an Oscar."

But while she may have an A-list attitude, she certainly doesn't have a similar work ethic. "She'll show up late to filming because she knows they can't start without her," reveals the source. So to get even, producers scheduled overnight dates before hometown visits, knowing she'd cavort with her suitors before her friends and family had a chance to disapprove of them.

"This was all staged by one of the main executive producers — he knew what Kaitlyn would do," dishes the spy. "And sure enough, she slept with all three guys." ★

RUBY ROSE'S BIG HOMELESS HANDOUT

Here's one young actress who doesn't view the world through rose-colored glasses. **Ruby Rose**, the breakout star of *Orange Is the New Black*'s third season, knows what a cold, hard place it can be — and she's doing something about it. While in Beverly Hills recently, Ruby gave a down-on-his-luck gentleman in a wheelchair a beverage and then tucked a couple hundred dollars into the glass he carried for collections! (Guess a tin cup doesn't fly on Rodeo Drive.) Such a random act of kindness may surprise fans who've seen Ruby play tough-as-nails felon Stella Carlin on *OITNB* — but not intimates of the Aussie actress. "She looks a little rough around the edges, but she has the biggest heart," a pal tells *Star*. "She's always willing to donate time, energy and money to others." Ruby, who as a teen got pushed around a lot by peers, mainly focuses her charitable efforts on antibullying and youth mental health campaigns. But she's all too pleased to help out one-on-one whenever she gets a chance. ★

MEAN GIRL TAYLOR'S FRIENDSHIP RULES!

Taylor Swift has amassed an army of famous friends — but makes it clear at that she's the commander-in-chief and they're all just her loyal followers. During her Hyde Park stadium show on June 27, Taylor trotted out big-name besties **Kendall Jenner**, **Cara Delevingne**,

Gigi Hadid, **Martha Hunt** and **Karlie Kloss**, but shocked the girls with a list of dos and don'ts prior to the concert.

"Taylor had a dress code for everyone to make sure she wasn't upstaged," dishes a Swift insider. "And they were told to stand a certain number of feet behind Taylor at all times, not to speak unless spoken to, and not to discuss Taylor's private life in interviews."

But her friends, all celebrities in their own right, were fed up with playing second fiddle to Taylor the Terrible.

"Gigi was talking trash behind Taylor's back — she got Kendall and Cara all riled up," explained the source.

"Taylor is a control freak. She's going to end up with very few friends left if she doesn't change her ways."

Sounds like "Bad Blood" might just get a sequel! ★

FALLING STARS

JOHNNY'S Money Woes

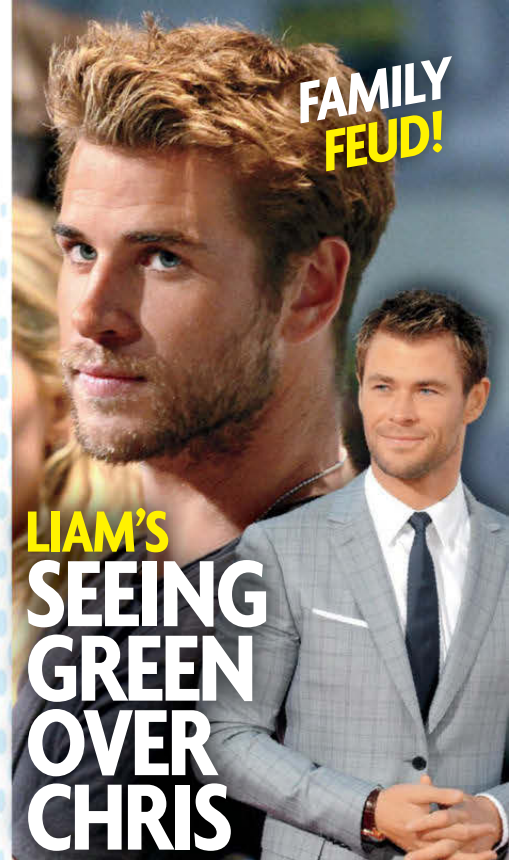

There's a good reason why **Johnny Depp** agreed to another *Pirates of the Caribbean* movie — he needs the cash! In the wake of a costly split from **Vanessa Paradis**, plus a string of box-office flops including *Lone Ranger*, *Mordechai* and *Tusk*, Johnny can't afford to pass up a paycheck. "It's rumored that he gave Vanessa \$150 million and he's panicking about his bank account," an insider reveals.

And his new bride, **Amber Heard**, didn't come cheap, either. "He's spending a fortune on Amber to keep her happy," adds the source, citing a lavish wedding and their private Bahamas island that costs \$1 million a year just in upkeep. Hoping to take the pressure off, Johnny recently listed his 37-acre French estate for \$26 million but is facing mounting legal bills over Amber's dog-smuggling charges in Australia — she's due to appear in a Queensland court on Sept. 7 and if found guilty, could face 10 years in prison! "Legal fees aside, his lifestyle costs a fortune. Their entire relationship consists of him spoiling her," says the friend. "Amber can easily blow through her designated monthly allowance — rumored to be \$25,000 — and he won't say a word because he's afraid of losing her." ★

Arrrghh! You going to start clipping coupons, Johnny?

LIAM'S SEEING GREEN OVER CHRIS

They're both hot and both talented, but **Liam Hemsworth** does not want to be mistaken for his brother **Chris**! The *Hunger Games* star flipped out when he thought a reporter at Comic-

Con called him by his sibling's name, and insiders tell *Star* that Liam's bizarre reaction is a direct result of his jealousy over Chris' red-hot career.

"The *Hunger Games* didn't make him the big star he'd hoped," said the source. "But Chris has locked in several major movies, like *Ghostbusters*, another *Thor* and the *Star Trek* franchise."

And instead of throwing himself into finding new roles, Liam prefers to stew, adds the insider: "If Liam doesn't adjust his attitude, it could seriously damage his relationship with Chris!" ★

Melissa's

CLOTHING LINE MISFIRE

Melissa McCarthy's eagerly awaited plus-size clothing line, *Seven7*, is getting ripped to shreds by buyers and fashion insiders alike. The 44-year-old actress has been gushing that full-figured women will finally have affordable and fashionable looks, but a source who's seen the line tells a different story. "The whole line is nothing more than bland sportswear and \$60 T-shirts that resemble what you'd find at Target," sniffed the spy. "Melissa wants to move on to high-end fashion, but it's not looking good." Stores are also worried, because despite an August launch date, there's hardly any promotion and she hasn't set up a website. ★

COMIC-CON CLASH!

The once friendly exes turn an elegant restaurant into an all-out battleground.

★
NOTHING
TO SEE HERE,
FOLKS!

On July 11, guests at Nobu in San Diego almost had front-row seats to what looked like a romantic dinner between exes **Nicholas Hoult** and **Jennifer Lawrence**, who were tucking into sushi after a Comic-Con panel discussion about their upcoming collaboration, *X-Men: Apocalypse*. Imagine their surprise when the 24-year-old Oscar winner gave the performance of a lifetime, storming out of the establishment in a huff before the check arrived!

As *Star* previously reported, Nick has been making a full-court press to get back together with Jen, who still has strong feelings for him. Insiders say after learning that his ex would be without boyfriend

Chris Martin that weekend, Nick asked Jen to dinner and she politely accepted. Toward the end of the meal, it appears as though the actor, 25, brought up a subject Jen was not ready to address. “Jen was clearly upset with the topic of discussion,” says an eyewitness. “She angrily threw her hands up in the air as she yelled at Nick, who appeared agitated at her reaction. Next thing you know, he starts screaming too. It was quite a heated argument before she finally walked out on him.”

After leaving Nick to pay the bill, Jen headed over to an *Entertainment Weekly* party at the Hard Rock Hotel. “She flipped out when she saw Nick walk through the door,” says a partygoer. “Jen insisted on sitting in a

cabana far from him but kept shooting Nick dirty looks all night long.”

Earlier this year, *X-Men* director **Bryan Singer** shared a snap of the former couple smiling on the set of *Apocalypse*. While working with an ex would prove a nightmare for most, the months spent together reportedly brought Nick and Jen closer as they walked down memory lane. (The two first met while filming 2011's *X-Men: First Class* and dated for almost three years before splitting last summer.)

“After Comic-Con, it’s going to be interesting to see how they handle working so closely,” says an insider. “Jen is a professional, but it’s hard to say how Nick and his wounded ego will fare having to act alongside her in such tight quarters.” ★

OVER
AFTER
FOUR
YEARS!

Blake & Miranda
**SECRETLY
DIVORCED!**

Dogged by rumors of infidelity for years, the country couple finally call it quits.

"Divorce is not an option," **Miranda Lambert** famously said in 2013. But after four years of marriage, she and **Blake Shelton** have done just that. "This is not the future we envisioned," the couple said in a joint statement released to the Associated Press on July 20. "And it is with heavy hearts that we move forward separately. We are real people, with real lives, with real families, friends and colleagues. Therefore, we kindly ask for privacy and compassion concerning this very personal matter."

The announcement comes out of the blue but follows years of reports of both parties cheating, with Blake first being linked to singer **Cady Groves** in 2013. Most recently, in March of this year, *Star* received reports that Miranda, 31, was getting close to another country star, **Chris Young**. Though none of those

rumors was ever confirmed, a source claimed to *Star* that Miranda slept with one of Blake's best friends, **Jamey Johnson**, in 2007 — while she was in a relationship with Blake. And famously, Blake and Miranda got together in 2005, while he was married to **Kaynette Williams** and she was engaged to Jeff McManus (now professionally known as **Jeff Allen**).

Blake, 39, initiated the divorce. "It got to the point where neither of them believed a word the other was saying," says an insider. "They were constantly arguing about affairs and his drinking. He couldn't take it anymore."

There's a prenup in place, so the pair are expected to divide their \$75 million fortune without incident, with Blake hanging on to the Oklahoma ranch and Miranda keeping their Nashville home. ★

Sienna & Tom
SPLIT!

Sienna Miller and **Tom Sturridge** have called it quits after four years together, and sources say the actress is a mess. "Sienna's driving herself crazy thinking about all the things she could have done differently," an insider explains. "She doesn't understand why she's never made it down the aisle." Sienna and Tom, 29, share a 3-year-old daughter, Marlowe, who was born months after their reported engagement in 2012. "Some people find [motherhood] really easy, but for me I found it really hard," the 33-year-old actress admitted earlier this year. In fact, Sienna and Tom struggled to balance parenting their tiny tot and scheduling time for romance. "Sienna's daughter is her driving force in life," says the source, "but having a child takes a toll on your relationship; the dynamic changes. This breakup is the hardest thing she's ever had to deal with." ★

Jen MOVING ON WITH MARTIN?

WATCH out, Ben Affleck. Just weeks after announcing her plan

to divorce the actor, sources say **Jennifer Garner** is getting her groove back — with a little help from her *Miracles from Heaven* costar, **Martin Henderson**. “Jen and Martin met in Georgia on the set of their new film and quickly bonded,” says a source. “He’s always checking up on her, making sure she’s happy. He’ll crack jokes and make her laugh. They have great chemistry together.” And while Jen is in no way ready for a relationship with the handsome New Zealand-born actor, 40, the harmless flirtation serves as the perfect distraction from her heartbreak. According to an insider, the 43-year-old actress has even emailed her girlfriends, swooning over how Martin has been such a sweet shoulder to lean on as she deals with her divorce from Ben, 42. “Jen’s eating up all the attention she’s getting from Martin,” divulges the source, “but she isn’t taking anything too seriously. She’s letting loose and having fun for the first time in years!” ★

George & Amal TRYING FOR A BABY

Before **George Clooney** met his wife, **Amal**, he said he didn’t “see [himself] ever having kids,” but, boy, how times have changed. Just 10 months after marrying, a source tells *Star* the newlyweds are ready to expand their little family. “Amal’s convinced him they should have at least one child,” gushes an excited family friend. While the hectic schedules of George, 54, and Amal, 37, often prevent them from spending as much time together as they’d like, the source reveals they’ve decided to take a break — a baby-making vacation, so to speak. And with the lovebirds alone at their Lake Como villa since the beginning of July, the insider says that “Amal’s hoping these three long weeks in Italy will do the trick!” ★

Channing’s Costar CRUSHING ON JENNA

Channing Tatum isn’t the only one making moves on his wife, **Jenna Dewan**. According to insiders, *Magic Mike XXL* star **Adam Rodriguez** is crushing hard on the boss’ wife too. Before shooting the male-stripper sequel, “Channing asked Jenna to help with the sexy choreography,” explains an insider, who alleges that Adam, 40, and the former backup dancer, 34, hit it off while rehearsing one of the film’s racy routines. “Adam’s a natural flirt, and so is Jenna, but his infatuation has only gotten worse over time.” Sources say Channing, 35, caught his costar checking out his wife, who accompanied the stripteasing stars on their whirlwind of a press tour. “Jenna would never cheat, and Channing doesn’t doubt her loyalty,” insists the insider, “but he gets superjealous when another guy flirts with his wife right in front of his face.” ★

Demi KEEPING AN EYE ON WILMER

Demi Lovato needs to give boyfriend **Wilmer Valderrama** a break! When the actor, 35, signed on to play Carlos in El Rey network's supernatural thriller *From Dusk till Dawn: The Series* alongside a bevy of beautiful actresses, insiders say Demi freaked out.

"She personally called the producers to demand a guest appearance on his show so she could spy on him," a source tattled.

She snagged a guest-star spot on the season two finale.

"Demi gets so insecure about Wilmer working with these gorgeous girls." Back in 2010, the singer, 22, completed a three-month stint at the Timberline Knolls treatment center for anorexia and bulimia, but it's these very issues that are hurting their relationship. "Demi's very self-conscious about her body and always has been," says the source.

"Wilmer goes above and beyond to assure Demi that she's beautiful and that he loves her, but it doesn't matter. She's constantly worrying that he might stray." ★

Keanu's TRANSGENDER TRYST

Believe the unbelievable! Hollywood hunk **Keanu Reeves** is wining and dining transgender actress **Jamie Clayton**,

sources confirm to *Star*. "They're definitely smitten," says an eyewitness who spotted the two dining at the Chateau Marmont on July 16. Keanu and Jamie first met on set in Europe while filming *The Neon Demon*, a thriller about the dark side of modeling.

"Jamie was acting all giddy on the way out of the restaurant when Keanu wrapped his arm around her lower back," the bystander reveals, "and then he went in for a kiss!" The cozy costars hugged and kissed good-bye once more before Jamie, 37, walked the motorcycle enthusiast over to his bike. "The fact that Jamie's transgender doesn't mean a thing," says a pal of the 50-year-old actor. "Keanu likes her and respects her no matter what." Sounds like this romance is off to a speedy start! ★

"They never lost touch, mainly because they'll always love each other," says a source. "It's been hard on both of them." Surprisingly, it was Meg, 35, who dumped Luke, 43, after he refused to marry her. "She gave him an ultimatum, but it backfired," the insider explains. And on July 12, the affectionate exes

reunited on a beach in Santa Monica for one last heart-wrenching conversation: Should they give it another shot? "In the end, Luke was worried that she'd continue to pressure him, and he's just not ready for that kind of a commitment," says the pal. "It was so hard for Meg to hear." ★

AFTER THREE YEARS
OF LONELINESS, THE
MEGASTAR HAS FOUND
LOVE AGAIN WITH HIS
22-YEAR-OLD ASSISTANT.

The New Mrs. Cruise?

“No one has seen Tom this happy with a woman since his early years with Katie,” says a source close to the actor. “His chemistry with Emily is off the charts.”

On-Set Romance

"They were joined at the hip through the whole shoot," noted a source on the set of Tom's latest movie, *Mena*.

THREE years after Katie Holmes broke his heart by blindsiding him with divorce papers, **Tom Cruise** is finally smiling again. In fact, the superstar actor has seemed back to his energetic, gleeful old self lately, as he's traveled the world shooting movies and promoting *Mission: Impossible — Rogue Nation*, all with a mysterious young Katie look-alike by his side. But who is this lucky lady? And how did she manage to pull Tom out of his years-long funk?

In a *Star* exclusive, sources say her name is Emily Thomas, and she's been quietly seeing the superstar since late 2014. Tom, 53, is said to be so smitten with the 22-year-old British beauty that friends believe he may soon make her his fourth wife! "Tom has fallen head over heels for Emily, and she feels the same way," says one insider. "There's even buzz in his inner circle that he might propose!"

THEIR WHIRLWIND ROMANCE

Tom met Emily last year, when he hired her to work as his assistant on *Mission: Impossible*. But as she traveled between England, Austria and Morocco with him for the film's shoots, sources say the pair grew increasingly close. "Tom was so impressed with her, he made it clear that he wanted her to work with him on all his upcoming projects," the insider notes.

By November, reports began to surface that Tom and his assistant were flirting up a storm — though they've taken great pains to keep their relationship under wraps. They've shied away from showing their affection when cameras, or even onlookers, are around. On the Atlanta set of his upcoming flick *Mena*, for example, when a throng of eager admirers approached Tom for a photo, Emily dutifully stepped aside and waited patiently as the women threw themselves at him.

ARRRRIAGE Time!

SEEING DOUBLE!

She's Definitely His Type!

Emily bears an uncanny resemblance to Tom's previous wife, Katie, at age 21. "Their features, the way they hold themselves...even their quiet demeanor," says a source. "The similarities are startling!"

On-set sources, however, noticed the pair sneaking knowing glances at one another and chatting "cozily" behind the scenes. "He would only leave her long enough to shoot his scenes, then he'd be right back by her side," says one *Mena* source. "He always seemed really happy when she was around and incredibly proud to have her by his side. She looked pretty pleased too."

Recently, after Tom wrapped *Mena*, sources say he took Emily back to Morocco to scout locations for his next *Mission: Impossible* project — "and buzz is rampant" ▶

that he may have popped the question there,” says the insider. “They’ve said Morocco holds a special place in both of their hearts.”

PLANNING THE WEDDING?

While a whirlwind engagement may come as a shock to some, Tom has a well-documented history of proposing early on in his courtships. He asked Katie to marry him in 2005 after they’d been dating for just three months, and he’d wed his previous wife, **Nicole Kidman**, the same year he split from his first bride, **Mimi Rogers**. “Tom doesn’t like to waste time when he’s in love. He’s a hopeless romantic,” the insider notes. “No one would be surprised if he married Emily within a matter of months.”

In fact, insiders believe the pair could tie the knot as soon as Christmas — Tom’s

He's Toning It Down This Time Around

While Tom has been wildly enthusiastic about his romances in the past — who could forget him jumping up and down on Oprah Winfrey’s couch in 2005, yelling, “I’m in love! I’m in love!” — he’s trying to remain more low-key about his relationship with Emily, because she isn’t used to being in the public eye.

favorite holiday. As for a potential wedding site, sources say Tom has his heart set on getting married at an estate outside London. “Emily is from England, so friends are saying it would make sense to have the ceremony in the U.K., since her family is there,” the insider explains. “Tom is all about pleasing her, and because money is no issue for him, he would be willing to do whatever she wants.”

Though sources say he would be happy to leave most of the wedding planning up to Emily, Tom would likely want his 9-year-old daughter, Suri, be involved in the ceremony.

“Tom would love for her to be the flower girl, but if Suri doesn’t want to do that — she might think she’s too old for the role — she would probably be a part of the wedding in some way,” the insider says.

“He doesn’t see her as much as he’d like, but she means everything to him, and he’s made sure that Emily understands that.”

Tom is hoping his next bride gets along with his older two children — **Isabella**, 22, and **Connor**, 20 — too. Things might be especially awkward for

Isabella, since she and Emily are the exact same age! “That’s a complicated situation for any child to be in,” says a source. “Of course, Isabella and Connor would find it strange for their dad to

Across The Pond

Tom is hoping that Suri and Emily will have a close relationship. “Even though Emily is young, she would be a great stepmom,” says a source.

marry someone close to their ages. But ultimately, they love him and want him to be happy.” Assuming the siblings aren’t too uncomfortable with the idea, Tom would likely ask them to participate in his wedding as well.

WILL IT LAST?

While Tom’s loved ones are thrilled about his newfound happiness, Emily’s friends and family don’t know what to think about her relationship with the actor. After all, he is more than three decades older and has three failed marriages under his belt. Then there’s the fact that Emily is still technically Tom’s employee. According to the *Mena* source, Tom has already asked her to work with him on the next *Jack Reacher* project. “She’s supercaring with him. And as his assistant, she makes sure his every need is met; everyone knows that they have to go through her to get to him,” the insider says. “Tom loves that. He loves the idea of being with a woman whose life revolves around him. But it might get confusing for her.”

Perhaps most concerning for Emily’s parents, though, is Tom’s movie-star lifestyle. But sources close to the actor insist that Tom won’t thrust Emily into the public eye before she’s ready. “He’s very protective of her, and he wants her to have her privacy. Emily understands that

IS KATIE ENGAGED TOO?

When Katie stepped out in New York City on July 13 wearing a gold band on her wedding-ring finger, she sent onlookers into a frenzy over her relationship status. Rumors have flown for months that the former Mrs. Cruise has been quietly dating Tom’s *Collateral* costar **Jamie Foxx**, though both Katie, 36, and Jamie, 47, have insisted they’re just friends. So are the pair getting hitched? Sources close to the *Dawson’s Creek* star say no. “Katie heard rumors that Tom had gotten engaged, so she purposely wore the ring on that finger, knowing she’d be photographed,” an insider dishes. “She doesn’t want anyone to think she’d be bothered by Tom remarrying, and she figured the best way to make that statement was to lead people to believe she’s in love — be it with Jamie or whomever.” Mystery solved!

and may have even asked him to keep a lid on their romance,” says the insider. “For now, they’re enjoying letting their feelings simmer. Plus, keeping it out of the spotlight adds to the excitement — like it’s their little secret.”

But if the duo are, in fact, getting married, they’ll have to let the cat out of the bag at some point. “When the time is right, Tom will make an announcement,” the source reveals. “And knowing him, it may just be a grand, romantic declaration. Sometimes he can’t help himself.”

At the moment, while Tom is off on his *Mission: Impossible — Rogue Nation* promotional tour, Emily is back home in England, according to the insider, trying to decompress before the megastar whisks her off into his high-octane life

once again. And her family may be trying to steer her away from him. “She’s smart, but she’s also impressionable, and Tom is extremely charming,” admits the insider. “Of course there are concerns, but I’m sure he’ll have no problem winning over her loved ones. And honestly, he’s so confident, he’s not worried about that either. He’ll do whatever it takes to keep her in his life.” ★

IT WAS BRAD NEWS FOR THEIR EXES

After years of whispers that there had been romantic sparks between them, *Star* broke the news in a world-exclusive last August that Gwyneth and Brad were indeed lovers — and had just spent a secret rendezvous together at a secluded, luxurious resort in the Utah desert. At the time of their steamy getaway, the ink was barely dry on Gwyneth's divorce filing from hubby Chris Martin — while Brad was still involved (since March 2013) in ongoing divorce proceedings with his wife, Suzanne Bukinik.

WELL, that was fast! Just weeks after **Gwyneth Paltrow's** yearlong romance with *Glee* executive producer **Brad Falchuk** reportedly came to an end, the couple has apparently reconciled in record time — and sealed it with multiple kisses while on a romantic getaway to Italy's beautiful cliffside town of Positano on the Mediterranean Sea. "Brad had broken up with Gwyneth because her quirks about living a 'clean' lifestyle and her demands about what he should do, say and eat were wearing on him," a source tells *Star*. "But he regretted ending their relationship almost immediately. Brad came to his senses and realized that, for all her perceived weirdness, women like Gwyneth don't come along every day, and they've had good times together. He apologized and asked for a second chance, and she said yes."

The rekindled romance between Gwyneth, 42, and Brad, 44, was on display July 13, as they lounged together in Positano on the rocks overlooking the sea. "They were very touchy-feely," one eyewitness tells *Star*. "Brad seemed especially turned on when he was spreading sunscreen all over Gwyneth's body. Later, they jumped into the sea together and laughed and kissed as they bobbed in the water."

Though they were both married at the time — to rocker **Chris Martin** and TV executive producer **Suzanne Bukinik**, respectively — rumors were flying that there'd been immediate sparks between Gwyneth and Brad from the moment she made the first of her multiple appearances on *Glee* in late 2010. That seemed to be confirmed when *Star* exclusively discovered last summer that they had spent a long weekend together at a secretive, high-end Utah resort in July. "Now Brad won't risk losing her again after their brief split," the source adds. "He's determined to make Gwyneth happy, no matter what." ★

Native New Yorkers, Amy and her younger sister Kim were born into wealth. After the family business went bust and their parents split up, Kim would "leave school, come home and cut myself."

CUTTING NIGHTM

THIS COMEDY QUEEN IS BASKING IN THE LIMELIGHT NOW, BUT HER LAUGHTER IS ROOTED IN A PAINFUL PAST — AND A SISTER'S TORMENT.

Art Imitates Life

Amy Schumer's debut stand-up comedy album was called *Cutting*, a nod to her biting humor and her sister Kim's struggles with self-mutilation.

**HE'S
CHECKED,
SHE'S
WRECKED**

Training For Fame

Amy plays a party-girl commitmentphobe in *Trainwreck*, her new movie with Bill Hader (above). The flick, which she wrote, has autobiographical elements, including a married sister character named Kim.

BRILLIANTLY potty-mouthed Amy Schumer is rocketing to superstardom with a hit Comedy Central show and her first big-screen leading role. Behind the humor, however, the *Trainwreck* star endured family trauma that was anything but funny.

"We had a really dark couple of years in our house," Amy, 34, recently revealed about an upbringing blighted by her father's multiple sclerosis and bankruptcy and her parents' ugly divorce. "I have a dark sense of humor and the most awful stuff makes me laugh, and I think it's probably because of that." And, as *Star* has discovered, Amy's bleakest period saw her pulling her younger sister, Kim Caramela, from the brink of suicide.

A SISTER'S PAIN

In 2003, at age 22, aspiring comic Amy and Kim, four years her junior, recorded an interview in New York City for StoryCorps, a nonprofit organization that preserves the oral histories of ordinary Americans. What began as a lark, with Amy quizzing Kim about pleasant early memories, soon turned serious. For while Amy had dealt with their shared family drama by being a cut-up, Kim simply cut—as in self-injury, slicing her skin with razor blades and hiding her bloody wounds with Band-Aids.

"The most afraid I've ever been is when I went to the hospital the first time," Kim confessed about her stint in a psych ward. When a roommate regaled her with tales of self-mutilation and suicide attempts, Kim knew "that was the path I was on." Kim

would get a strange, intense pleasure from cutting—and she got hooked on it. "After you do it a few times, it feels so good...and it's easy to keep doing it. It wasn't until the first time I tried to stop that I realized how addicted I was. I would be like, 'OK, I'm not going to do it.' And I would get sick and throw up. And my arm would start tingling. I would go through physical withdrawal."

THE TURNING POINT

Fortunately for Kim, her sister intervened. "I didn't understand the severity; I didn't understand that your body gets addicted to cutting, like, worse than heroin," said Amy, recalling the time she saw her mother carrying a razor to the upstairs bathroom to give to Kim. "I said, 'What the hell are you doing, Mom? There is no way I'm letting you bring a razor to my little sister.'"

Her mother explained that without a razor, Kim might break her head on a mirror instead and use broken shards of glass to satisfy her unbearable urge. So Amy confronted Kim in the bathroom, and she remembered her younger sister "cursing at me and screaming, 'You have no idea what it's like!' It was like *The Exorcist!*" Amy simply looked her sister in the eye and said, "You don't have to do this..."—then left the bathroom. Ten minutes later, their mother threw the razor down the stairs and happily exclaimed, "She didn't use it! She didn't use it!" With Amy's help, that was a turning point for Kim, who told her sister: "I've been really close to suicide two times in my life. The only reason I didn't was because of you and Mom."

With therapy and her family's love, Kim quit cutting, married her college sweetheart and went on to become a school psychologist to help other at-risk youth. She also writes for *Inside Amy Schumer* and served as associate producer on *Trainwreck*. In the bigger picture, says Kim, "Amy's good at taking the painful things for what they are and focusing on the good." ★

Khloé & Lamar

SECRET SEX WITH THE EX

WHAT HAPPENS IN VEGAS DOESN'T ALWAYS STAY
IN VEGAS — ALL THE STEAMY DETAILS OF
THEIR LATEST HOOKUP!

THERE was no shortage of fireworks for **Khloé Kardashian** on the Fourth of July. *Star* has learned that, after spending the day cozied up in a private poolside cabana in Las Vegas with Houston Rockets basketball player **James Harden**, the 31-year-old reality starlet snuck off to spend the night with her estranged hubby, **Lamar Odom**!

"James was a cover-up," dishes an insider. "Khloé made it seem like she was all about partying with him, but in reality, she was planning her meetup with Lamar."

Sparks have reportedly been flying between the exes ever since Khloé called to console Lamar, 35, following the back-to-back drug-related deaths of his longtime friends Jamie Sangouthai and Bobby Heyward. But their romance soared to new levels once the two came face-to-face. "They 100 percent hooked up," claims the insider. "Lamar's in a much better place now, both physically and mentally."

A CHANGED MAN

As *Star* previously reported, the former NBA star has been living away from the temptations of Los Angeles and training with former professional boxer **Fareed Samad** in a bid to get back into shape and overcome his crack cocaine addiction. "When Khloé and Lamar met up, he kept saying he was more determined than ever to stay on the straight and narrow," says the insider. "All Khloé has ever wanted was for him to help himself and get better. He really seems committed this time around."

Given Lamar's unsavory track record during their four-year marriage — which was riddled with numerous infidelities, rampant drug use and elusive behavior — Khloé has been hesitant to broadcast their budding romance, sources say, noting that she's even kept the reunion a secret from her family. In fact, she's been flaunting her dates with James to avoid suspicion.

"They're even keeping their reunion **a secret from her family.**"

— an insider tells *Star*

Over the past few weeks, the duo have been photographed sharing intimate dinners, partying at nightclubs — even standing side by side during a **Chris Brown** concert — but sources claim she hasn't been taking her relationship with the notorious playboy too seriously. "Khloé is well aware of James' womanizing ways — that's why she didn't feel bad ditching him on Independence Day," the insider explains. "She likes him a lot and thinks he's a great guy, but Lamar has always been at the back of her mind."

SLOW AND STEADY

Despite their undeniable connection, Khloé realizes that it's in her best interest — as well as Lamar's — to take things slowly and not jump back into a full-fledged relationship again. "She was a wreck when her marriage fell apart, and she's been trying to piece her life back together ever since," reveals the source. And, of course, she wouldn't want to do anything to jeopardize Lamar's sobriety. "They've been through so much, both together and apart," the source continues, "but at the end of the day, they've never stopped loving each other." ★

PLAYING AROUND— OR PLAYING THE FIELD?

Khloé didn't hide the fact that she was visiting Sin City for the holiday weekend, but she also didn't let on that she was plotting to meet up with her ex! To make sure no one got wind of her supersecret plan to hook up with Lamar, the reality star made sure she was pictured with another man — basketball star James Harden. "He was just a cover for what she was really up to," says an insider.

America's Top 5 Fat Burners

Which one is right for you?

There are thousands of diet products out there, but which one is right for you? We've looked at them all. Here are our 5 favorites. Remember to visit the individual websites for the full skinny on each product.

You'll be hearing a lot about this product very soon!!

1 Reshape your entire body in 30 days?

If you haven't heard about Vysera®-CLS yet... you definitely will...

and very, very soon. Why? Because as incredible

as it sounds, groundbreaking research has

just identified a compound that can not

only help you lose weight, but can actually

reshape your entire body, reducing waist

size, hip size, thigh and buttock circumference,

belly bulge, and... last but not least... cause a

significant loss of actual fat mass from all over

your body. Has the "miracle pill" finally arrived?

As one article said, taking Vysera is sort of like

"eating a whole donut and only absorbing a

fraction of the calories." How's that for amazing? (Of

course, we don't advocate eating a donut as a meal, and

this example is used for illustrative purposes only.) Vysera-CLS is

available at all Ulta stores, Kohl's, GNC and at VyseraCLS.com or call

1-800-691-4287. Use promo code **VYSERA180** and shipping is free!†

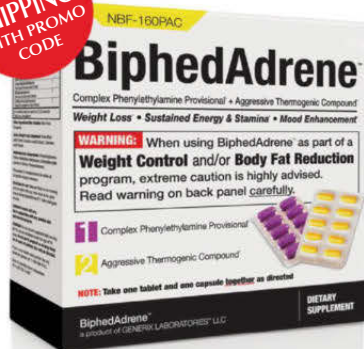

The Super-Powerful "diet pill"!

When everything else has failed!

They're flying off the shelf... but it's not for everyone.

BiphedAdrene® is quickly making a name for itself in the "Super Pill" category because of its supercharged dual approach to weight loss: it's comprised of a unique Complex Phenylethylamine Provisional (for powerful appetite control, mood-elevation, and sustained energy) combined with an Aggressive Thermogenic Compound (for fat burning and stamina). This two-pronged attack on fat is apparently what makes the compound so effective... and so popular. And it doesn't just help provide very substantial weight loss... it also adds a mood and energy boost. BiphedAdrene is available at smarter retailers nationwide, direct from the manufacturer at Biphed.com or call 1-800-591-4582. Use promo code **BIPHED115** and get free shipping.† However, we emphasize that this high-energy product is not for everyone because it is extremely potent and contains powerful xanthine (stimulant) compounds. Nevertheless, if "ordinary" diet pills aren't doing the job, BiphedAdrene could most certainly be your best bet!

3 "Combo-Pilling" America's Hottest Weight-Loss Craze

Ever wonder how some people manage to get so thin... so fast? It could be "Combo Pilling"... the über-trendy, "underground" practice of combining two or more diet pills to create "supercharged" weight loss. Our favorite diet pill combination is Zantrex®-3 (the high energy fat burner) and

Relacore® Extra (the calming, feel good, "belly fat" pill).

One pill picks you up, the other pill calms you down... both of them are incredible... but together, oh my goodness! Available at WalMart, CVS, Walgreens, RiteAid, and smarter retailers nationwide, you can order both at TryComboPilling.com or call 1-800-458-2675 (use promo code **COMBOPILL71** and get free shipping!†).

Q: What Is Combo-Pilling?

A: The highly controversial practice of Combo-Pilling is truly an underground phenomenon. Odds are, if you know someone who's losing lots of weight, and losing it fast, you probably know someone who's Combo-Pilling... Why? Because it allows people to attack multiple facets of weight loss — like dropping fat, overcoming stress eating, and having enough energy to work out — at the same time.

SKINNYSTIX®

They say it's the best-tasting, easiest and most delicious way to lose weight, burn fat, increase energy, heighten focus, boost mood and much, much more. It sure looks like it's working for Jenny. Zantrex SkinnyStix are available in three super-refreshing flavors: Berry Fusion, Tangy Tangerine and Electric Lime... Available at Walmart, Walgreens, CVS, Rite Aid and GNC. (Call if you can't find your favorite flavor: 1-800-235-8715) Or pick 'em up at Zantrex3.com for about \$29! Use

promo code **SKINNY31** and get free shipping.†

Try combining Tangy Tangerine SkinnyStix with a scoop or two of JLo's Vanilla TastyShake protein complex. Tastes just like a Creamsicle and cuts your appetite, too!

Royal Bodyguards **Tell All**

FROM LATE-NIGHT JUNK FOOD RUNS TO CROSS-DRESSING BENDERS, MEMBERS OF THE ROYAL PROTECTION COMMAND REVEAL THE PALACE'S BEST-KEPT SECRETS.

THEY'RE charged with defending the lives of the British monarchy's mainstays, but when it comes to protecting their secrets, well, there's only so much you can ask a man to do for queen and country. Indeed, several members who've served in the Royal Protection Branch — the U.K.'s equivalent of the U.S. Secret Service — were eager to spill to *Star!* Shadowing the royals 24/7, they know what really goes on behind the palace's gilded doors. "Royals show you only what they want you to see. We see what they *don't* want you to see, and it can get quite shocking!" says one ex-RPB officer. Here are some of the juiciest tidbits they were willing to share. ★

**WORKIN'
THE BODY!**

DUCHESS KATE **Pole-Dancing Princess!**

Keeping up prim and proper appearances is doubtless exhausting, so maybe it's no surprise that, during her brief breakup with future hubby William in 2007, Kate, 33, took pole-dancing classes to let loose a little. "She agreed to have lessons as a bit of a laugh," says one of Kate's former bodyguards. "She was so nervous about being seen or recognized, she used to wear a scarf around her head as a disguise. But she loved it! She tells everyone it was great exercise. She told me that a woman should always have secret talents up her sleeve." Lucky Wills!

GETTIN' CHEEKY!

PRINCE HARRY'S Tattooed Tush!

"The royal family gets their knickers in a twist over tattoos, but that hasn't stopped Harry from getting some," whispers one RPB insider. Harry's trick: they're temporary, small — and tramp stamps! "His favorite is a black rhino," says the guard, noting that the prince, 30, fell in love with the animals during one of his many trips to Africa, where he's serving as a volunteer game warden this summer. "He'll wear that at the top of his arse! If he's going out with his military mates, he'll also sport his brigade emblem from Afghanistan."

PRINCE WILLIAM: "I'll Be Your Server Today"

His mom, Diana, was the people's princess — and William is carrying on her noble tradition. The 33-year-old prince ladles up soup at London's homeless shelters, but he's so humble about it that he dons a wig and glasses! "William loves helping people, but he doesn't like the attention," one of his guards tells *Star*. "This way he can do his bit without the cameras or the press. We have to watch him from a distance, but the truth is no one has ever recognized him. I always wonder what they'd think if they knew their future king was serving them dinner." And no doubt he enjoys wearing the rug and having a bit more on top too?

SERVICE WITH A SMILE!

ELIZABETH II Burger Queen

When it comes to late-night snacks, you'd think the Queen of England might nibble on crumpets. But nothing could be further from the truth. At least once every few weeks, the guards secretly take the 89-year-old great granny to McDonald's, where she orders a Bic Mac, a strawberry shake and an apple pie. "Then she does what we all do: eats it in the car," says a guard. "We drive around for about 20 minutes so she can finish before we return to the palace."

PRINCE CHARLES & CAMILLA'S Memory Lane Games

On quiet nights at Highgrove House, Charles, 66, and Camilla, 68, like looking at pictures of themselves when they were young and in love — including the period when Charles was married to Princess Diana! "Camilla likes making jokes about how she got everything she ever wanted simply by being patient and letting the universe bring her and Charles together," says an ex-watchman on the royal residence. "She can get a little smug. She openly mocks some of Diana's clothes in the old photos, and Charles doesn't stop her. William and Harry would be deeply offended if they knew about it."

GENDER BENDERS

THEY MAY NEVER WEAR THE CROWN, BUT THERE'S A LITTLE BIT OF KING AND QUEEN IN ALL OF THEM!

PRINCE ANDREW Lingerie Lad

The Duke of York has a secret that he only shares with Victoria. A former aide reveals that Andrew, 55, would regularly receive packages at the palace from a swanky lingerie store, which he would unwrap privately — then add to his own wardrobe. “At first, we thought the deliveries were for a female friend,” says the source, “but we realized they were for him when we saw the parcels go into his bedroom and never come out. At least they don’t cost the taxpayers anything!” As royal watchers may remember, Andrew has been under fire for years for being in unsavory company, and even earned the nickname Air Miles Andy for his habit of using helicopters — which cost British citizens plenty of pounds each year — to attend functions that he could easily reach by car.

PRINCESS ANNE

She Wears The Pants

In June, the Queen’s only daughter, 64, wore the same yellow dress to the races at Royal Ascot that she sported 35 years ago, but that’s nowhere near as scandalous as what she dares to don in private: “At home, she loves to wear very sharp three-piece suits, complete with a flash trilby hat too,” one of her police protectors explains. “She looks amazing. Really fancy. I think it’s perfectly fine if she wears men’s suits. It shows that she is very happy in her own skin and really embraces that side of herself.”

PRINCE EDWARD Man Of Mani Talents

Who needs a salon when you’re married to Prince Edward? A bodyguard reveals the royal — at 51, the youngest son of the Queen — once took an online manicure course, and now he regularly does his wife Sophie’s digits. “The first time I walked in on him doing her nails, it was quite the shock,” the attendant says. “But he really is quite the pro! He was chatting her up like any old hen, and she was relishing it. His specialty is French tips.”

PRINCESS EUGENIE’S Ladies’ Nights

She’s been dating former waiter Jack Brooksbank for five years, but it seems Princess Eugenie has been hiding a very big secret. A former bodyguard of the 25-year-old — who’s eighth in line to the throne — says she secretly visits lesbian nightclubs late at night, where she drinks and dances till the early hours of the morning! “Nothing inappropriate ever happens at the clubs,” assures one of her former muscle men. “She just likes to let loose and unwind without getting hit on by other guys.” Back in 2009, a bikini-clad Eugenie was photographed getting frisky with another woman during a trip to Thailand. “It caused quite the scandal in the palace at the time!” says the bodyguard.

PRINCE PHILIP Obsessed With Aliens

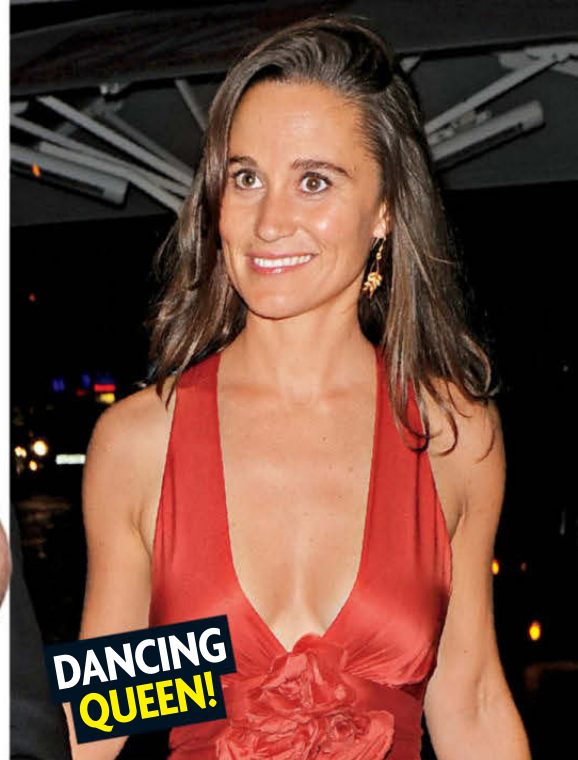

It’s well known in the U.K. that Prince Philip, 94, has always been interested in the possibility of extraterrestrial life, but it turns out he’s got some serious X-files. “He had an entire library built in Buckingham Palace dedicated to studying UFOs,” says a longtime Philip protector. “The Queen was positively against it, but she allowed it to be done provided he didn’t talk about it with anyone. Well, he talked about it with me!” Less surprising? “He’s a Barry Manilow fan,” says the guard. “He has a signed, framed photo of Barry in the bathroom — right above the toilet!”

GEORGE & CHARLOTTE Peas In A Pod

Little Georgie may be a prince, but like every other tot on the planet, he is "obsessed with that *Frozen* movie," says a guard. "He can sing the whole 'Let It Go' song and doesn't even know what half the words are!" According to the source, he's also a very naughty practical joker. "Uncle Harry got him a practical joke set for his birthday. Right now he's leaving whoopee cushions in secret places (with the help of his doting nanny), then laughs till he cries when someone sits down on one! His nanny scolded him the other week when he left one in Charlotte's crib. He wanted his sister to have a laugh too! He's crazy about her."

**HE'S
A MERRY
PRANKSTER!**

**DANCING
QUEEN!**

PIPPA MIDDLETON'S Happy Feet

Technically, Pippa, 31, isn't entitled to use RPB guards unless she's part of a royal retinue, but they hear a lot about her from sister Kate.

"She wants her sister's fame, that's for sure," says a Kate guard. "I heard she's desperate to be on *Dancing With the Stars*, but the palace asked her to back off. They felt it would sully the image of her sister, the Duchess of Cambridge. Well, I tell you she did not care! She supposedly contacted **Derek Hough** somehow, and he's a big fan of the idea. Kate thinks it's all quite funny, but if

some of Pippa's more respectable pursuits don't pan out, you mark my words: Pippa will dance, and by God, she will win!"

THE ROYAL COUPLE'S Karaoke Cave!

Lots of rich people install a panic room in their home, but inside recently remodeled Anmer Hall, William and Kate's 200-year-old country mansion, the couple have built a karaoke room. "It has black-and-red walls with two small disco lights," says one of Kate's ex-bodyguards. "The floor lights up as you step on it, and there's a huge plasma TV screen on one wall. It's state of the art. When they want to relax and forget their royal obligations, they disappear into their own nightclub with select friends and smash out a few tunes for each other. They sing a lot of '80s rock, and they love **Elton John**." ★

**PARTY
PALACE!**

Kris Jenner

It's not hard to Keep Up with this Kardashian: In "attempts" to stay out of the spotlight on July 12, the mogul mother sported a full camo ensemble in look-at-me colors.

Lena Dunham

Lily Collins

This is sheer disappointment! The adorable actress wore a jumpsuit with major VPL while on the street on July 7. She should have looked in the Mirror Mirror before leaving the house!

Erykah Badu

We could go On & On about how bad this looks! The singer wore a hodgepodge of an outfit on July 14, including ripped, baggy overalls over a leotard, a flowy robe and studded boots.

Q: I thought that mostly men suffered from hair loss, but mine is starting to thin. What should I do?

Hair thinning is not uncommon for women and is a normal part of the aging process. Up to 42 percent of women will suffer from hereditary hair loss in her lifetime. Shedding 150 or more hairs a day is considered significant. Rather than using volumizing products and hair extensions that help only temporarily, try a topical scalp treatment that stimulates the follicle for actual hair regrowth.

Q: I've hit a plateau in my workouts. What should I do to see results?

Generally, a plateau occurs because you've been doing the same thing without variation for too long. In my book *5 Pounds*, I talk about the five behaviors you need to do every day. So maybe you're working out properly but aren't active throughout the day or hitting your step goal or sleeping enough. If you're doing 10,000 steps a day, up it to 11,000. Play around with the variables and change things up to see an improvement.

Q: Is it OK to look through my boyfriend's phone if I suspect him of cheating?

No, it's never OK to disrespect and snoop. If your intuition is telling you something is off, ask him, ask his friends and try to figure it out. The minute you snoop in his phone, you're at fault too. Tell him you want to go through his phone in front of him. If he has nothing to hide, it should go well. When you go behind somebody's back and cheat, it's a shame...but so is snooping. Be up front and ask permission and do it together. Then you'll get the truth — or you'll apologize for doubting him, and everything is good again!

Amy Poehler & Bradley Cooper

The dynamic duo are back in their roles as the producers of the camp's theater program. "Susie considers herself an artist, and she's a terrible leader, a terrible people leader," Amy says of her character. And though Bradley shot all his scenes in one day, fans can look forward to more romantic tension between his character, Ben, and **Michael Ian Black's** McKinley.

Wet Hot Wild Reunion

Welcome back to Camp Firewood! Fifteen years after the hit movie, the star-studded cast reunites for an eight-episode prequel on Netflix.

Paul Rudd & Marguerite Moreau

Paul's Andy was known as the good-looking guy of the bunch, though he claims it was the costumes that got the girls. "I attribute it to the cutoff jean shorts. And the bandanna in the back pocket," he said of Andy, who's anything but faithful to Marguerite's Katie.

Christopher Meloni

Chef Gene is a Vietnam War veteran who serves up food as often as he does the skills he learned in combat. His character also shows off his weirder side — as in the original, he spends time talking to a tin can.

Elizabeth Banks

"It was like no time went by," Elizabeth says of reprising her role as Lindsay, a character who never had a problem showing off her bikini body. "We slipped right back into it. We got to do some really dumb, stupid, fun things," she shared.

Jake Gyllenhaal stars in this story of a professional boxer's fall from grace and rise from the ashes. He plays Billy Hope, a light-heavyweight champ whose wife (**Rachel McAdams**) wants him to quit while he's on top. But a sudden tragedy sends him into a tailspin that costs him his belt, his lifestyle and his family. After hitting bottom, he turns to a veteran trainer (**Forest Whitaker**) to help him get his life — and eventually his career — back on track. There aren't many actors who could bring the kind of physical and personal intensity that Gyllenhaal does; he doesn't just look cut — he looks chiseled. But he also finds both the inner rage that drives this fighter and the self-awareness he must develop. The contrast between the fiery Gyllenhaal and the quiet strength of Whitaker creates drama as well as comical moments.

LONG STORY SHORT:

Here's a boxing movie that packs an emotional punch.

★★★★★

Whitaker's character helps Gyllenhaal's pick up the pieces.

The tattoos for Jake's character may not be real, but the muscles are all his!

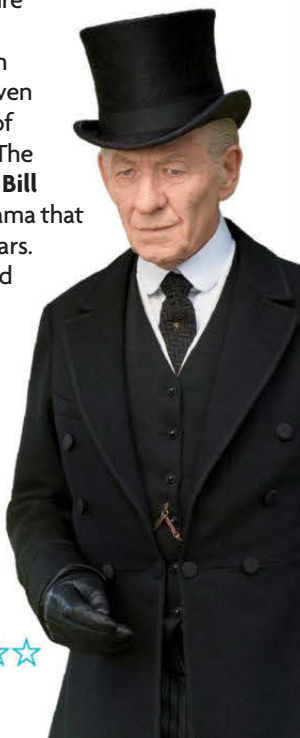

MOVIES

→ MR. HOLMES

Ian McKellen — he's Gandalf and Magneto — takes on another famous fictional character, playing an elderly Sherlock Holmes. Now retired and in his 90s, Holmes lives in an English village in the years after WWII, where he tends bees while he searches for a cure for the increasing memory loss he's suffering. He befriends the young son of his housekeeper (**Laura Linney**), even as he tries to write his own account of what turned out to be his final case. The film reteams McKellen with director **Bill Condon** (*Gods and Monsters*) in a drama that jumps back and forth through the years. There are no real villains here, beyond the unstoppably corrosive nature of time. While Condon is able to hold the viewer's attention until the end, the payoff is unequal to the buildup and the film ultimately disappoints. Still, McKellen is an actor of such depth and charm that watching him is a fascinating study in just how subtle the art of acting can be.

LONG STORY SHORT:

It's elementary — this Holmes tale isn't as satisfying as it should be. ★★★★★

→ UNEXPECTED

Cobie Smulders stars in this serious comedy about Samantha, a high school teacher who discovers that she's pregnant. Her boyfriend (**Anders Holm**) is thrilled and proposes marriage — and she eventually warms to the idea. At the same time, she discovers that one of her students, Jasmine (**Gail Bean**), is also pregnant and plans to keep the baby. The two of them bond, sharing pregnancy issues even as Samantha tries to help Jasmine stick to her plan to go to college. Smulders has fine comic timing, and her chemistry with Bean is noticeable. But the film is also exceptionally irresponsible: Jasmine's decision to have her baby is glossed over as though there is neither a choice nor a downside. ★★★★★

A close-up portrait of a woman with light brown hair tied back, looking directly at the camera with a serious, slightly distressed expression. Her face is the central focus, with the text overlaid on it.

ARIES

MARCH 21–APRIL 19

Stand up and be counted at work. Your creativity shines through now; don't allow anyone to shut you down. A relationship that allows you to be independent, rather than smothered, will banish drama.

GEMINI

MAY 21–JUNE 20

A discussion with a friend gets things back on track, but don't rehash the past. Focus your attention on work. To get ahead, consider taking up additional studies — the more knowledge you have, the more in demand you will be.

CANCER

JUNE 21–JULY 22

This is a frenzied time — don't entertain those who do nothing but drain your energy. Work on priorities and learn to say no. A discussion at work can give a creative project the go-ahead. To keep love exciting, try something different.

WHAT CAUGHT OUR EYE THIS WEEK...

Jean-Claude's \$10 MILLION L.A. MANSION

Jean-Claude Van Damme bought this crib in 2012, but it's already up for sale, maybe because his marriage is so rocky. His wife already divorced and remarried him, and she recently filed again...but JC insists they've reconciled.

The rooftop deck has a fireplace and a flat-screen TV.

LENA: Odd Woman Out

One of these things is not like the others — and her name is Lena Dunham! On July 11, the *Girls* creator climbed onstage with Lily Aldridge, Gigi Hadid and Hailee Steinfeld to perform with her friend Taylor Swift. But among the gaggle of leggy beauties, the funny femme realized she was out of her league. "Oh, I'm not tall," she later said. "I'm chubby... the minute I caught sight of myself in the Jumbotron, I knew something was very wrong." Hey, no one's perfect!

SMALL
FRY!

KARDASHIAN KIDS KASTING

The Kardashian sisters' first taste of the limelight came when their late father, Robert, defended his pal **O.J. Simpson** in what became known as the Trial of the Century, which captivated the nation back in 1994. With that infamous murder case being re-created for the small screen's upcoming *American Crime Story*, child actresses scrambled for the coveted roles of **Kourtney, Kim and Khloé**.

The names of the girls who'll play mini-me versions of the reality stars have not yet been released, but these pics reveal some inspired casting — including that of former *Friends* star **David Schwimmer** as the sharp-suited, oily-coiffed dad. ★

Kourtney, Khloé and Kim in a sweet snapshot with their father back in their prefame days.

They ain't afraid of no ghosts! Only this butt-kickin' bevy — **Leslie Jones, Melissa McCarthy, Kristen Wiig** and **Kate McKinnon** — have the

combined spunk, snark, smarts and, above all, spirit to resurrect *Ghostbusters* for an all-girl reboot of the 1984 comedy classic (originally starring **Ernie Hudson, Bill Murray, Dan Aykroyd** and **Harold Ramis**). The fearless females, who are all *Saturday Night Live* veterans, will have hunky **Chris Hemsworth** to boss around as their receptionist. Plus, they'll be joined, in a cameo-as-a-cabbie, by former 'buster Dan (also the flick's exec producer). Filming his scene in Boston on July 14, Dan tweeted: "Lady GBs are adorable, hilarious and badass." **Sigourney Weaver** has said she'll try to sneak in a cameo too. No word yet on whether the flick will feature a Stay Puft Marshmallow Woman, though — stay tuned! ★

Star WEEKLY AWARDS

We round up the week's best, worst and downright strange.

* Most Incorrect Ink

Jennifer Lawrence recently got a flesh-colored tattoo of the symbol for water, H₂O, but the "watered-down rebellion" was a bust. The artist inked the formula incorrectly: The 2 should be in subscript, not superscript. "I should have Googled it before I got it tattooed on my body forever," she admitted.

WHOOOPS!

FLAT BROKE!

* Best Sense of Humor

After filing for Chapter 11 bankruptcy protection, rapper 50 Cent posted a photo on Instagram of himself standing next to a Smart car. "Times are hard out here LMAO," he wrote. So long, \$300,000 Lamborghini Murcielago! Hello, company minicar.

* MOST CONSIDERATE CORRECTION

Apple's assistant Siri is teaching its users a lesson or two about respect. The program will correct people who refer to Caitlyn Jenner as Bruce. Alrighty, then!

* Sweetest Tooth

An eBay user sold a collection of Britney Spears' alleged grocery lists for \$59.99. So what does the pop singer have packed inside her fridge? Oreos, baby pizzas, cinnamon rolls and ice cream drumsticks, just to name a few of the sweet treats she picked up at the supermarket.

* MOST RADICAL MAKEOVER

Tilda Swinton, is that you? The British actress, known for her androgynous look, ditched her porcelain skin and razor sharp platinum blonde locks for a sun-kissed tan and long, blonde beach waves in her latest film, *Trainwreck*.
